RESOLUTION

CITING HUNTING VIOLATIONS

THE SITUATION: DNR wardens are having difficulty prosecuting violators hunting from motorized vehicles with archery equipment and firearms. Uncased firearms and bows can easily be loaded and unloaded.

THEREFORE, BE IT RESOLVED, that the Conservation Congress at its Spring Hearing, held in Shawano County, State of Wisconsin, on April 8, 2013, requests more restrictive laws for uncased, accessible firearms and archery equipment in motorized vehicles during the archery and firearm seasons. This would give law enforcement more leverage to issue citations to violators.
